

Reel Deal the SeaCraft

(to the tune of Frosty the Snowman)

**Reel Deal the Seacraft
Is a happy jolly boat
With its deep-V hull and variable deadrise
and two engines set to go**

**Reel Deal the Seacraft
Is a local legend they say
It was made to fish
In the rips, splosh-splish,
Off of Cape Cod every day**

**There must have been some magic
In that ol' Ron-Z they cast
For when they jigged it one time, two
They soon were reeling fast!**

**Reel Deal the Seacraft
Set its course and was cruising
Cap'n Bob would say
This is where the tuna play
And the drag would start to sing**

**Reel Deal the Seacraft
Knew the sun was hot that day
So he said let's run
And we'll have some fun
Now before those stripers hide away
Down to the Wood End
With a light rod in his hand
Casting here and there as the bass would glare
Saying "catch me if you can"!
He led them down the coast of P-town
Right to the Race Point Light
And only paused a moment when
All the lines went tight!**

**Reel Deal the Seacraft
Had to return across the bay
The charter waved goodbye
Still on a fishing high
"We'll be back again some day!"**
